

# What is Request to Speak (RTS)?

- RTS = online tool that lets you give Arizona State legislators your feedback on bills.
- RTS allows you to register your support or opposition on a bill and provide the reason why.
- You do not have to speak as the name implies.
- It's an easy way to share your opinions directly with legislators, all from the comfort of your couch or kitchen table!

## Request to Speak SIGN IN

Bookmark AZ Legislature webpage:
